

Intensive Implementation of Anti-COVID-19 Measures [Phase 1: At Home]

~To insure a safe holiday season, take action to protect yourself from infection and not infect others ~

To insure a safe holiday season with your friends and family, take measures you can to prevent infection at home and take control before the number of people getting sick with winter illnesses increases.

【Intensive Implementation Period】11/20/2020(Friday)~12/11/2020(Friday)

*Information on infection counter measures for events will be announced from 12/12.

Increase ventilation by opening windows
Gargle after returning home

Wash your hands before and after eating

Wear a mask when interacting with those who have a cold or the elderly

Monitor Your Health

Its cold season. If you are not feeling well, please rest at home and consult your **family doctor** or the **Prefectural Call Center (098-866-2129)** (For Foreign Nationals and Tourists: The Medical Interpretation Support Center 0570-050-235)
